# Annual Report 1926.

In considering this Report, it should be remembered that it is for nine months only, the change of the end of the Financial Year to 31st December having been effected.

## PATIENTS.

An outstanding feature is the admittance of the 300th patient. As the Hospital has only been open for little more than six years, the idea, originally somewhat prevalent that a Hospital was not required may now be considered at an end. The thanks received from patients and the gratitude they show is a constant source of encouragement to the members of the Committee who keep in touch with them.

## STAFF.

The Staff both in the Hospital and on the District Nursing have again done splendid work. The previous paragraph is eloquent testimony to the Matron, and the great success of the Contributory Scheme is largely due to the work of the District Nurse. Warmest thanks are due to the Collectors under this Scheme who have carried out their arduous tasks so successfully, and the House to House Collectors are again thanked for their excellent work.

## ENTERTAINMENTS.

Thanks are due to all those who organised the various Dances Concerts, Flag Days, etc. Whist Drives and Dances given in Llanellyd and Brithdir in aid of the Building Fund have been a new feature. If all other neighbouring villages would adopt the same idea, interest in the Hospital would increase as well as the Funds.

But it is the future, more than the past, that this Report must stress. It is still, apparently, not realised that in little more than a year the lease of the present premises lapses and it is not offered for extension. As we have all seen in the Minutes, in the Minutes of the Special Meeting of the Governors held on October 22nd, 1926 certain steps were taken or approved. Little has resulted, and unless all interested in the Hospital, especially the Governors—show much increased interest and determination, the Hospital in May, 1928, may be homeless.

## CURRENT ACCOUNTS 1926.
